## Laboratory glass, glass objects and porcelain

**Yes please:** Laboratory glass e.g. flasks, graduated glass, beakers and empty tubes.  
Mirror glass, window glass, drinking-glasses and other glass objects that are not packages.  
Porcelain earthenware and stoneware  
Microscope slides without toxic solutions

**No thank you:** Glass packaging

---

**Handling:** Glass and porcelain must be visibly clean. Collect the waste at the department in an appropriate bin. Mark with "Laboratory glass"

**Huddinge:** Send the waste box by way of the supply station (Försörjningstation) to the in-house recycling station (Miljöstation) S32.

**Solna:** The bin is emptied into a bigger container in the Environment room/Miljörum. Filled containers are emptied automatically by Goods transport/Varutransporten.
